ken his position in relation to the the said county of Dearborn shall cause And let us ask, if it should not in. right of search, than your intelligent their written assent to be recorded in might require his assistance in the French government and the representhought they were compelled to yield to the abolition feeling in England, & in case it was threatened with de. to follow in the footsteps of Lord Palperpetuity they rely for full enjoy- on, they next sought, by reviving a negotiation opened in 1838, to fortify themselves by getting Russia, Prussia, Austria, and France committed to a courge of policy in regard to the slave trade, which would leave her at liberty to contend with you single handed

The moment was a critical one for your country. The representatives of the other powers willingly acceeded to the proposition of Great Britain, as a mark of confidence in the new Tory

vou, in which he pla-

perceive the bearings of any question, ed with precipitate fall, and what is very promptly opened their eyes to the projects of England, and the intended injustice to the U. S. by the proposed treaty. All Paris became awathat court, the great interests of our following dialogue ensued: country, and I hope its peace, have 'How are ye?' been effectually and most signally guarded. Well may the English papers xpress regret that France has not ratfied the treaty of the 5 powers in relation to the slave trade, which would have effectually tied her hands against any interference with Great Britain's attempt to enforce upon us submis-

sion to the 'right of search.' The London Herald of the 26th of Feb. thus describes the excitement in Paris when it was announced in the not know in the morning.' London papers that the slave treaty had been ratified without the partici- night; didn't dream of such a thing in used, nor sear known after even the deeppation of France: At first the intellience was not believed, because the resse-ministerial journal-declared that the ratification had not taken ceedinfis of both houses of Parliament man who begged to be excused, as he will possess it was made known, all doubts were set at rest, and the public began to take an interest in the affair.

The funds fell nearly half per cent. and people seemed to consider that e situation of France was nearly similar to that of 1840, when the great powers had concluded a treaty without her. The word isolement was again heard on every side, and a great soreness was manifested by all who discussed the question. Probably this feeling was created by an article in the Presse, which declared if the news were true it would amount to a second coalition against France -and a violent article in the Commerce, discussing the subject in the sense in which it will probably be taken up by the other papers .- [Times.

AN ACT
